## Application Software Certificate

Today's businesses require highly skilled individuals in the area of computer applications software and concepts to assist in detailed and overall business processes and practices. This certificate will provide students with advanced skills in current popular/industry standard application software programs giving them a competitive edge and expertise to assist businesses in every industry and discipline.

## Why Should I Get a Certificate?

A voluntary certification is also often seen as evidence of an individual's personal drive and motivation, giving them a leg up for raises and promotions.
