Compliant Technology and Service

Connecting with a tutor is fast and easy, with no downloads necessary and a service that doesn't require ample bandwidth. All tutoring takes place on an intuitive whiteboard interface and is facilitated with course specific tools and functions. NetTutor

also complies with the Web Content Accessibility Guidelines (WCAG) 2.0 Level AA and Section 508 of the Rehabilitation Act and is FERPA-compliant. NetTutor meets every learner who asks for help "where they are" with an unwavering commitment to quality and inclusivity.

Extension of Campus Support
