High School Equivalency

Earning your high school equivalency certificate (HSEC) is a critical piece of improving your options for future education or employment. High school equivalency programs are offered throughout the state at each of the Wyoming community colleges and through a number of outreach centers.

- This program is for students who want to earn their High School Equivalency Certificate. This program includes official practice testing, and college and career readiness transitions. Once you pass the HiSET we can help pay for your college classes. The [testing option at Western is the HiSET™ Test](#). Test offered in both paper and computer based options.
