BUDGET MESSAGE
THE TENTATIVE BUDGET
FISCAL YEAR 2020-21

Introduction

This document and the supporting schedules contain a draft of the budgets for all funds required to operate the College during the 2020-2021 fiscal year and have been prepared in accordance with the Uniform Municipal Fiscal Procedures Act and the requirements set forth by the Wyoming Community College Commission. Emphasis in the narrative is on the Unrestricted Operating Fund; but budget summaries are provided for all College funds.

Philosophy/Objectives of the FY 2020-2021 Budget Plan

The FY 2020-2021 Budget is prepared with the following philosophy/objectives in mind:

- ▶ Present for Board review an operationally balanced budget.
- ▶ Include the essential elements required to carry out the College's primary mission to provide quality instructional programs for the communities served by the College.
- ▶ Operate, maintain, and protect the physical plant investment to the maximum extent possible.

Revenue and Expenditure Variances - FY 2019-2020 vs. FY 2020-2021

Various factors will cause revenue and expenditure amounts to differ between the 2019-2020 fiscal year and the 2020-2021 fiscal year. These variances are detailed by the comparative analysis below.

REVENUE AND CARRYOVER VARIANCES

State Support

	2020 Budget	Tentative 2021 Budget	Variance
REVENUE STATE APPROPRIATIONS	\$6,907,265	\$7,849,504	\$942,239
SUPPLEMENTAL HEALTH	2,135,719	1,914,749	(\$220,970)
SUPPLEMENTAL/NURSING	340,180	340,180	\$0
SUPPLEMENTAL/RETIREMENT	200,000	200,000	\$0
Total	\$10,052,589	\$9,908,749	\$721,269

State support is comprised of general state aid, supplemental state aid for health insurance cost reimbursement, the Wyoming Investment in Nursing Program, and for partial reimbursement for the employers' increased share for retirement contributions. In FY 2021,

House Bill #1 allocated additional one-time funding for the biennium, which will all be received in the first year. This amounted to an increase of \$750,000. Our local appropriation is expected to decrease significantly in FY2021 so state aid may be increased due to the recapture and redistribution process. The Wyoming Community College Commission will not complete the recapture and redistribution for the FY2021 fiscal year until July 2022. The decrease in supplemental health insurance funding is due to a shortage in this overall system fund.

Local Sources

	2020 Budget	Tentative 2021 Budget	Variance
Local Appropriations	\$10,635,000	\$9,229,430	(\$1,405,570)

In the last few fiscal years, declines in oil, natural gas, and coal prices decreased the valuation of the county substantially resulting in a decrease in our local appropriations. The valuation of the county has continued to decline, resulting in a significant decrease in our local appropriations. The local valuation will not be certified until July and as a result, the FY2021 appropriations may change.

Institutional Sources

	2020 Budget	Tentative 2021 Budget	Variance
Institutional Revenues	\$6,518,955	\$6,532,705	\$13,750

The Wyoming Community College Commission made no changes in-state, WUE, and out-of-state tuition for FY2021. In FY2020, we had a decrease in enrollment for Fall of 8% and for Spring 5% and in FY2021, we anticipate enrollment to be down approximately 2%. In FY2019, the Board approved an increase of \$5 per credit hour Academic Support Fee along with some increases of course fees, however, with the anticipated decline in enrollment we are expecting to remain relatively flat in Institutional Revenues.

Carryover

In FY2020, we budgeted \$492,584 of carryover to balance the budget; I anticipate we will be using a small portion if any of the carryover. In FY2021, we are budgeting \$428,123 of carryover to balance the budget.

<u>Total All Sources</u>	2020 Budget	Tentative 2021 Budget	Variance
Total Revenues with Carryover	\$27,301,703	\$26,569,691	(\$732,012)
Total Revenues without Carryover	\$26,809,119	\$26,141,568	(\$667,551)

EXPENDITURE VARIANCES

Below is a brief general discussion outlining the two major reasons for the variances:

Operating Expenses

The FY 2020-2021 Tentative Budget contains approximately \$789,000 decrease in operating expenses. This was due to a mandated reduction of 10% across the board for these expenses in order to help balance the sharp decline in revenues.

General Salary/Benefit Increases

The FY 2020-2021 budget includes an increase to salaries and benefits of approximately \$108,000. Although positions and salaries are anticipated to remain relatively flat there is an additional increase in retirement contribution and health benefits. In the prior year, there was approximately \$500,000 budgeted to be able to fund the appropriate market rate adjustments to salaries once that study is complete, this was decreased to \$200,000 as a more phased in approach was deemed more appropriate. The Board will vote to pay on both the pay increase and the increase in employee and employer retirement contribution of .25% per employee for an increase of approximately \$78,000.

Summary and Conclusion

The Tentative FY 2020-2021 Budget Plan has been developed after many weeks of gathering information and after much thought and discussion. It is still "tentative"; carryover funds and expenses will be added and some other changes may occur between the May 14th Board Meeting and the July 15th Budget Hearing when the Board will act on the budget.

The non-current fund budget summaries and the restricted fund budget summaries are preliminary in nature at this time. Additional work is needed to fine tune budget accounts in each fund.

The Board should feel free to ask for additional information if felt appropriate, or to request additional workshops prior to mid-July.
