Subject: County Valuation numbers

◆◆◆External email◆◆◆

Burt,

I have received some additional data on the valuation and my estimate is dropping slightly...the valuation for the county should be about \$1,983,259,124...which is just below the \$2 billion we had talked about before. Again, just an estimate and I hope stuff comes up a little, but this is the best information I have at the moment.

Thanks,

Dave
