ADVERTISING OR DISTRIBUTING INFORMATION ON CAMPUS

The College supports the principle that a college should be a “free” market place where ideas are expressed and debated. This principle, therefore, will govern the College’s policy on distributing information and on advertising activities or products.

The College, however, must approve both the distribution of information and the advertisement of activities or products. It will not approve any activity that may interfere with its operations.

See following page for procedure.
ADVERTISING OR DISTRIBUTING INFORMATION ON CAMPUS

All commercial activity and/or the distribution of posters or information must be approved according to the following procedures:

Commercial Activity

The Vice President for Student Success Services or one designated by Vice President must approve all advertising or selling of merchandise on College property.

Distributing of Posters

All posters must comply with federal, state, and local laws regarding libel and the advertisement of illegal acts.

The sponsoring group that puts up the poster is responsible for taking them down on the designated date.

Posters may be placed on bulletin boards, cement, brick, or wooden surfaces. Posters, however, cannot be placed on glass or painted surfaces or tacked to wooden surfaces.

Distribution of Information
