RECYCLING

The College will cooperate with on-campus groups to the maximum extent that is financially and logistically reasonable in an effort to use recycled products and to recycle used campus materials.

See following page for procedure.

RECYCLING

The College will cooperate with on-campus groups to the maximum extent that is financially and logistically reasonable in an effort to use recycled products and to recycle used campus materials.

The College will cooperate as noted above by

- including reputable recycled product suppliers on bidders lists
- providing space for the collection and storage of products targeted for recycling.

Revenue derived from recycling efforts shall remain with the group pursuing those efforts.
