ADMISSION OF INTERNATIONAL STUDENTS

The College welcomes international students who, in addition to meeting the general requirements for admission, have demonstrated the necessary English language skills, have proved they are financially able to meet the costs of attendance, and have submitted a health statement signed by a physician.

See following page for procedure.
ADMISSION OF INTERNATIONAL STUDENTS

To be admitted, international students must meet the general requirements and also submit to the Admissions office proof of their English language skills, their financial responsibility, and their health. WWCC international student admission requirements will be in compliance with current immigration laws.

English Ability

The College requires students to have a minimum TOEFL (Test of English as a Foreign Language) score as described in the WWCC catalog or to achieve ESL advanced standing to level 107. Students below that level may enter the College’s English As a Second Language Program.

Financial Responsibility

Students must establish their financial responsibility by providing a financial statement and commitment equivalence to one full academic year’s expenses. These expenses include tuition, fees, books, room, board and health insurance. Not included in this sum are the expenses for the student’s personal needs or for transportation. The Admissions office will annually announce the amount required. International students must also pay the application fee as established by the Board of Trustees.

Health

Students must submit a signed statement from a physician.

Medical Insurance

All international students must have medical insurance. Proof of international coverage or purchase of the College’s insurance is required.

Acceptance

After the Admissions office has received the information described above, it will notify students about its decision. Students that are accepted will receive an official letter of acceptance and a Certificate of Eligibility (form I-20) for obtaining a visa.
