

POLICY ADOPTION

References: None

Any codified policy may be initiated, adopted, revised or repealed at any meeting by a majority vote of the Board members present. Policy revisions, additions or deletions will be presented at two consecutive meetings, the first presentation will be for discussion and the second presentation will be made with a recommendation for consideration. As a general rule, however, no action will be taken on a policy the first time the policy is brought before the Board for consideration.
